

KGS Internship Program

Discover what distinguishes us from other employers and internship opportunities.

Explore Your Future with KGS Internships

We strive to provide a continuous learning environment that prepares you for advancement into increasingly challenging career roles. As a Koniag Government Services (KGS) intern, you will gain valuable hands-on experience working at a **2026 Top Workplace** company, have opportunities for professional and personal growth, build a strong professional network by connecting with other interns and young professionals, and develop resume-worthy skills.

KGS offers meaningful internship opportunities supported by direct mentor/protégé partnerships for students currently attending or graduating from a post-secondary program. We seek highly motivated individuals eager to expand their knowledge, gain organic experience, and contribute to the success of our companies and communities. Candidates must demonstrate proficiency in communication, attention to detail, organization, and self-motivation. Remote, in-person, and hybrid positions are available.

WHO WE ARE.

The KGS family of companies is committed to providing exceptional value to our federal customers and shareholders. As an Alaska Native Corporation, our mission is rooted in Alaska Native values, particularly the Alutiiq value of caring for our community, which guides every service and decision we make. We believe in the power of giving back to our communities while building a strong future for our people.

We specialize in healthcare, law enforcement, national security, and defense logistics, making us a trusted partner for the federal government. Our offerings include enterprise services, professional services, health, and operations management, ensuring we meet the diverse needs of federal agencies while maintaining our commitment to excellence.

Join us and take the first step in shaping your future while making an impact!
